

## Available data on the Social Profit Datatrust

For each organization the Social Profit Datatrust gathers data/information coming from 3 official data sources: BCE/KBO, BNB/NBB, ONSS/RSZ.

### Banque Carrefour des Entreprises – Kruispuntbank van Ondernemingen

- Name
- Juridical Form
- Status
- Start Date
- Registration number
- Contact details (please note that this is really limited)
- Activities (based on the NACE code – until level 5 – defined by ONSS/RSZ or TVA/VAT)
- Permissions (agreements such as approved cooperative and social enterprise for example)
- Autorisation (being an ONSS/RSZ employer for example)
- Full name official functions such as administrator
- And their establishments details
  - Address
  - Name
  - Activities

### Banque Nationale de Belgique – Nationale Bank van België

(only for organizations that publish their accounts to the BNB/NBB)

- Financial information that you can find on a balance sheet
- Examples:
  - Profit
  - Assets
  - Liability
  - Gross margin
  - Capital
  - Debts
  - Expenses
  - Solvability
  - Number of employees (social balance)
  - ...

Please note that the access to ONSS/RSZ data is limited and an extra approval by the Social Profit Datatrust Management Committee is required.

The level of detail authorized for communication at local authority level is a maximum of 3 digits, and no statistic reported may concern fewer than 10 people. No details on ONSS/RSZ employment can be provided at enterprise level, only through the BNB/NBB records which are public.

Finally, RZS/ONSS data is only available for social economy and social profit enterprises and establishments.
